Cync

Direct Connect
Quick Start
Setup Guide

Simple setup using the CYNC App

Unlock full features and connect to other CYNC and C by GE devices.

STEP 1
Screw in and power on your Direct Connect smart lights.

STEP 2
Download the Cync App, powered by Savant, on your smartphone.

STEP 3
Add your devices to the CYNC App.

STEP 4 (OPTIONAL)
Easily connect your smart lights to your Amazon Alexa or Hey Google enabled device in the Cync App.

For set up help, visit cyncsupport.gelighting.com or call 1-844-302-2943

Get started using Amazon Frustration Free Setup

Setup as simple as "Alexa, discover my devices."

If you selected Frustration Free Setup during checkout, easily pair your Cync smart lights and plugs with your Alexa voice assistant. **Start with the Cync App when pairing to other Cync or C by GE devices, then enable the Alexa voice assistant.**

STEP 1
Screw in and power on your Direct Connect smart lights.

STEP 2
If Alexa says, "New light found", you can begin using your light with Alexa. Otherwise, go to Step 3.

STEP 3
Say, "Alexa, discover my devices". Once your light is discovered, you can begin using your lights with Alexa.

Requirements:
Your new CYNC lights must be pre-linked to your Amazon Alexa account prior to shipping by selecting Frustration Free Setup. If they weren't pre-linked, go to Step 3 or simply set up your CYNC lights in the CYNC App and then connect to Amazon Alexa to enable voice control.

Get started using the Google Home app

Seamless setup—just say "Hey Google."

Seamlessly set up and control your Cync smart lights and plugs in the Google Home app. **Start with the Cync App when pairing to other Cync or C by GE devices, then enable Hey Google.**

STEP 1
Screw in and power on your Direct Connect smart lights.

STEP 2
Open the Google Home app on your smart phone.

STEP 3
Click the notification to set up device, and select the Cync or C by GE smart light.

STEP 4
Assign your smart light to a room.

Requirements:
- Free Google Home app and an active Google account. Working internet connection over Wi-Fi.
- One of the following compatible Google Assistant-enabled devices: Google Home, Google Home Mini, Nest Mini, Nest Hub Max, Nest Hub, Google Home Max, Nest Wifi & Nest Audio
